

When MIOSHA Visits

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA)

2 Why You Need This Seminar . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high costs of work-related injuries. Nationally, employers spent an estimated 50.8 billion on wage payments and medical care for workers hurt on the job. (*Liberty Mutual Safety Index 2005*) This is only a portion of the total costs of work-related injuries. Indirect costs such as overtime, training and lost productivity can also burden employers.
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces workers compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

Attendees will gain an insight of the process and procedures a MIOSHA compliance officer follows while conducting a workplace inspection and how to respond to MIOSHA citations. Topics covered include inspection types, employer/employee rights and responsibilities, penalty reduction factors, and common MIOSHA violations. The elements of a written safety and health management system are presented in detail. Preparing for an inspection is emphasized.

Agenda

We offer a flexible program agenda to emphasize the safety and health topics you want most.

- ▶ An Overview of the Services Provided by the Consultation Education and Training Division
- ▶ MIOSHA Inspection Process: Rights and Responsibilities
- ▶ MIOSHA Appeals Process
- ▶ Informal Settlement Agreements
- ▶ Hazard Recognition - Common Violations Found in General Industry

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

Facilitator

Jennifer Clark-Denson has over 10 years experience in occupational safety. Prior to joining the CET Division as an occupational safety consultant, she spent time working as a General Industry Safety Officer for MIOSHA where she was responsible for inspecting a wide variety of work operations to observe and identify potential violations of MIOSHA safety standards. Her previous work experience includes positions as an Environmental Consultant and Code Compliance Officer.

Jennifer currently provides occupational safety services to Wayne, Monroe, and Lenewee counties. She has both a Bachelor's degree in Industrial and Environmental Health Management from Ferris State University, and a Masters degree in Human Resource Management from Davenport University.

Jennifer Clark-Denson
*Occupational Safety Consultant,
MIOSHA, CET Division*
